The Show:

ImMortal is a unique theatrical experience. This is not like any circus or theatre show you have even seen before. ImMortal blends the best of British and international performance to create a stunning and ground breaking fusion.

ImMortal Reviews 2004:

"....this unique and exciting multi-media experience is firmly rooted in circus. This promenade production is packed with an array of bewildering and breathtaking events happening around, above and within the audience.... It is totally mesmerising. Providing the powerful background to this visual assault of the senses is a fantastic music score, performed by a first-rate band with some great choral singing.

"Excellent sound and lighting enhances the strong impact of the superb performance skills... The trapeze and rope work is extraordinary and is performed with joy... In fact, it was difficult to get the crowd to leave this thoroughly enjoyable and intriguing experience."

Natalie Anglesey - The Stage

".. Featuring multiple stages and flexible rigging, the space is continually being reconfigured through clever and subtle manipulations of mesh screens or white sheets which drop to reveal a new scene or setting... The live, blues-tinged rock score aside, what drives ImMortal is the cast's individual skills and extraordinarily engaging ensemble energy. The overall effect is endearing, liberating and on a far more human scale than you'll get from the likes of Cirque du Soleil."

Donald Huttera - The Times

The Style :

The style of the event and what happens after the show is tailored to meet your needs. We have three base-line packages and an agency option, all of which can be adapted and expanded. Presentations, displays, speeches, can all be incorporated into the event, taking advantage of our technical resources and expertise.

In the first three options, the bar can be themed and the foyer adapted to suit your requirements. Slowly the tent is filled with a misty haze and, as the foyer fills the show starts and your guests will be led into the extraordinary space of the all-consuming show.

For options 2 and 3, as your guests arrive they will be met by performers from the show and served champagne against a backdrop of live music and circus acts.

Option 1: Bring on the DJ

After the show the bar is re opened, and the performance area turns into a dance floor. We provide the DJs or you could drag the office DJs along for some entertainment.
